Mr. Boyles has been in the field of addiction since 1984. He has worked in outpatient, intensive outpatient and inpatient treatment programs. He has experience as a trainer, consultant, supervisor, clinician and State Program Officer. In 1994 he started a private counseling and consulting practice. At that time he also became a contracted Chemical Dependency Program Site Reviewer for the State of Montana. He has worked as a case reviewer for BC/BS, a CARF Surveyor and a consultant to the Mental Health & Addictive Disorders Division of Montana. Over the last 13 years he has excelled in presentations and on-site consultation pertaining to the topics of treatment planning, documentation, patient placement criteria and clinically-driven treatment.
